

Cedar Knolls™

DELUXE VINYL SIDING

THE BEAUTY OF CEDAR, THE PERFORMANCE OF VINYL

Cover Image Profile & Color Shown: Double 5", Silver

Profile & Color Shown: Double 4", Wheat

A LIFETIME OF BEAUTY AND PERFORMANCE—

A natural cedar woodgrain pattern that mirrors the look of hand sawn wood cladding. Rich, beautiful colors to complement a home's natural surroundings. For a finish that stands out, and will stand up to the elements, choose **Cedar Knolls** Deluxe Vinyl Siding.

THE LOOK OF WOOD
THE VALUE OF VINYL

XLOK™
TECHNOLOGY

TitanBar™
REINFORCED NAIL HEM

- ▶ **XLok®** Technology combines the **TitanBar®**, Reinforced Nail Hem and the **NailRIGHT®** Siding Installation System, two innovations that help ensure the siding is securely interlocked and properly affixed to the wall
- ▶ Natural cedar embossed woodgrain pattern
- ▶ Available in three styles:
 - Double 4" & 5" Clapboard - .044" panel thickness
 - Double 5" Dutchlap - .044" panel thickness
- ▶ A 5/8" panel projection provides rigidity and casts deep, appealing shadow lines
- ▶ Matching and contrasting soffit and accessories
- ▶ Limited Lifetime Transferable Warranty with **ColorHold®** Lifetime Fade Protection
- ▶ Won't blister, crack, flake, peel or rot like wood exteriors, so you'll never have to scrape, sand or paint again, reducing time and cost spent on maintenance
- ▶ Norandex Siding Products are certified to the International ISO Standards
- ▶ Can help increase the resale value of your home, making it a wise investment should you ever decide to sell

These are some of the benefits you'll start to enjoy when you decide to make **Cedar Knolls** Deluxe Vinyl Siding the choice for the life and looks of your most valuable possession.

Dutchlap

Clapboard

The heavy duty extended return leg snaps tightly into the TitanBar Reinforced Nail Hem which is double the thickness of the siding panel under the nail head, for an installation that's solid, secure and protects against panel blow off in adverse weather conditions.

SAFE, SECURE
INSTALLATION

NailRIGHT™
SIDING INSTALLATION SYSTEM

Your professional installation crew takes every possible precaution to make sure your new siding looks and performs its best.

They use the Norandex proprietary **NailRIGHT®** Siding Installation System to help them locate and precisely nail into the framing studs. This is a very important detail because misapplied nails can cause siding to buckle, blow off in windy conditions, or be hazardous if they strike wiring or plumbing located between the studs.

NailRIGHT helps ensure an accurate and safe installation. It securely connects the siding to the wall for optimum performance. This means the beautiful siding you select will not only stand out, but will stay up, even in extreme weather conditions.

Beauty and Performance. It's the perfect siding combination to make the exterior of any home...perfect.

AVOID:

Hidden Dangers

Nails that miss their mark can be potentially hazardous to items, like wiring and plumbing, located in the cavities between studs.

Blow Off

NailRIGHT helps guide the installer to the studs for an installation that's strong, secure and resistant to blow offs.

Unnecessary Nail Usage

NailRIGHT assures the proper amount of nails are used, saving your home from unnecessary hammer hits.

NORANDEX
