# HardieZone® System

Only James Hardie fiber cement products are Engineered for Climate®. In the northern U.S. and Canada, HZ5® products resist shrinking, swelling and cracking even after years of wet or freezing conditions. HZ10® products help protect homes from hot, humid conditions, blistering sun and more.

With James Hardie siding and trim, homeowners have an exterior that's tougher than the elements and easy on the eyes.

## NO MATTER WHAT NATURE BRINGS

Resist the elements  
**WITH IRRESISTIBLE CHARM.**

## TOUGHER THAN THE ELEMENTS

Stands up to storms and harsh weather

Resists water absorption to help protect against mold, swelling and cracking

Won't be eaten by animals or insects

Fire resistant

Reduces time and money spent on maintenance

# Unique Formulation

## HZ5® Substrate

Not all fiber cement is the same. The James Hardie HZ5 product formulation contains the highest quality raw materials. Proprietary additives, combined with an innovative manufacturing process and product design, create a substrate specifically engineered to reduce moisture intrusion and resist damage from wet or freezing conditions.

### PROPRIETARY ENHANCEMENTS CREATE THE MOST DURABLE JAMES HARDIE SIDING EVER MADE

#### Perfect balance of strength and workability

Our balance of high-quality Portland cement, sand and cellulose fiber delivers the best combination of strength and workability.

#### Enhanced moisture resistance for unmatched durability

Patented and proprietary additives are chemically bonded within the HZ5 substrate matrix to provide durable moisture resistance.

#### Increased dimensional stability

Our siding is engineered at the microscopic level to create a fiber cement composite with superior dimensional stability that helps protect against shrinking and splitting.

Integrity is ingrained  
**IN EVERYTHING WE DO.**

### HZ5 LAP SIDING ADVANCED DESIGN

#### Improved drainage from top to bottom

In addition to our HZ5 product formulation's enhanced moisture resistance, HardiePlank® HZ5 lap siding features a modified profile with a sloped top and bullnose drip edge for improved drainage over the entire outer face of the board.

**Sloped Top** Positive slope at top drains moisture to outer face of lap

**Profiled Drip Edge** Bottom bullnose drip edge allows moisture to drain away from lap

# Finishing Technology

## ColorPlus® Technology

Our advanced ColorPlus Technology finishes deliver the ultimate in aesthetics and performance to your job site. Our products aren't simply painted at the factory. Multiple coats of color are baked onto the board, creating a vibrant, consistent finish for years of lasting character, adhesion and fade resistance.

GIVES HOMES A BEAUTIFUL, CONSISTENT COATING THAT PERFORMS BETTER, LASTS LONGER AND LOOKS BRIGHTER

### Superior finish adhesion

Multiple proprietary coatings are engineered for superior adhesion to our substrate and applied to all surfaces, edges and features for durable performance.

### Superior color retention

Finish is cured onto boards after each coating step for a stronger bond, which allows for exceptional resistance to cracking, peeling and chipping.

### Superior UV resistance

Multi-coat, baked-on finish retains its vibrancy longer when compared to vinyl siding and paint on other siding products in all UV conditions.

For timeless beauty  
**BEGIN WITH THE FINISH.**

# ColorPlus® Technology

OUR FINISHES ELIMINATE  
STRESS AND REDUCE  
COSTLY WEATHER DELAYS

There's no reason to stress over unplanned expenses when it's too cold or damp to paint for extended periods. And there's no reason to question whether or not sub-optimal painting conditions will negatively affect your paint job. In fact, there's no longer any need to paint on-site.

Our ColorPlus Technology finishes are fully cured in a controlled environment and arrive on your job site ready for year-round installation.

100% HARDIE

## 100% HARDIE Complete Exterior™

Top to bottom, our exterior product line is defined by excellent performance, aesthetics and design options.

Provide protection from the elements, showcase a homeowner's individual style and install peace of mind with exceptional warranties through a single, trusted manufacturer.

# HardiePanel® Vertical Siding

HardiePanel vertical siding delivers style and substance. When combined with HardieTrim® boards, it achieves the rustic board-and-batten look that defines cottage charm. The covered seams contribute to a well-insulated home.

Its crisp, clean lines make HardiePanel vertical siding a smart choice for strong, contemporary designs.

True to the tradition of

Color Selection

Explore our color palettes and differentiate your homes with stunning curb appeal. These distinctive tones are drawn from natural environments, complementing your design with the look of America’s idyllic neighborhoods.

# HardieWrap® Weather Barrier

Moisture management starts with the wrap. Our weather barrier, flex flashing, seam tape and pro flashing deliver the performance that you've come to expect from James Hardie.

Everything you need to  
**WRAP UP THE JOB.**

# Finishing Touches

## ColorPlus Technology Accessories

### TOUCH-UP KITS

Specially formulated to match ColorPlus Technology finishes, our Touch-up Kits offer resistance to aging, color change and chalking. Included in the kits, Touch-up Pens conceal nailheads and very small nicks and scratches.

## Trim Accessories

### FLAT TABS

Reduce nail holes and improve the aesthetic of trim applications around windows, doors and band boards.

### CORNER TABS

Use corner tabs to reduce the appearance of nail holes that would detract from the finished look of corner trim installations.

Find useful job-site tips in our industry-leading Best Practices Guide. For the latest installation instructions, visit [hardieinstallation.com](http://hardieinstallation.com)

## The James Hardie Difference

James Hardie invented fiber cement. Over 5.5 million installations later, we continue to set the standard in premium, high-performance exterior cladding. Our products deliver uncompromising durability and finish quality for a beautiful, lower maintenance exterior.

Our unrivaled investment in R&D and constant innovations in product design, manufacturing and distribution allow us to remain steps ahead of the competition. With the support of our people, partners and exceptional warranties, we're committed to protecting your customers' homes while helping your business grow.

As unforgettable  
**AS IT IS UNCOMPROMISING.**

# Warranty

Protect your home with America's #1 brand of siding backed by an exceptional warranty. Unlike other brands, James Hardie doesn't prorate our siding warranty coverage\*. We stand behind our siding 100% for 30 years.

# Endorsements – a reputation built on trust

For decades, our fiber cement products have been used to create better places to live. Each new home stands as a testament to our uncompromising quality. That proven track record has earned the loyalty of millions of homeowners and the endorsements of trusted authorities across the building industry.

BRAND LEADER  
**Builder**  
WINNER 2013

Chosen by builders as a  
**Brand Leader** in **Builder Magazine**

Featured on the **DIY Network's**  
**Blog Cabin** in 2012, 2013 & 2014

**#1 Return on Investment every year**  
since 2005 in **Remodeling Magazine\*\***

**HardiePlank lap siding** is backed  
by the **Good Housekeeping Seal**

\*ColorPlus Technology finishes and HardieTrim boards come with 15-year limited warranties.  
\*\*Remodeling Magazine's Cost vs. Value Report states that re-siding a home with fiber cement siding in the mid-range or larger categories provides the #1 return on investment.

Make every home  
**AN EXPRESSION OF YOUR CHARACTER.**
